

## New Covenant Partner Course Session 1 Questions for Reflection

What is your faith story? In other words, how and when did you know you needed the grace that God offered in Jesus Christ?

Maybe you can point to a specific date, or maybe it was a season of days, weeks, months. The most important thing though is that it is *your* story. God designed us to be story tellers, and we want to hear the one that is about you and God.

Was there anyone significant that helped lead you to the time that you believed in Christ?

This can be someone that personally led you to a confession, or maybe someone in your past that planted the first seeds. Either way, we believe that every person along the way was given by the Lord to lead you to the moment of placing your faith in Him.

In what ways do you currently experience Jesus in your life? Do you pray? Read scripture? Worship?

There are a myriad of ways in which we can experience Jesus in our lives. The question though is do we notice Him? Do you allow yourself to notice Him? If you haven't, maybe reflect back on the last week and ask the Holy Spirit to show you where God was at work.
