

New Covenant Partner Course Session 2 Questions for Reflection

What does the word "election" mean to you?

Reflect on how you think about it. What weight does it carry? Does it bring anxiety? Peace? Rejoicing?

What are your thoughts on the election of God? How have you seen the work of God in your life?

We believe that God is the grand worker in creation and in our lives. Therefore, we should be able to see how God is at work in our faith and life.

How do you think you should relate to the doctrine of election? How does election play out in the way you relate to others? Does it expand your love? Or does it make you more closed off?
